

Add and Subtract Two- and Three-Digit Numbers Using Place Value

Step 25

Today I am learning to add and subtract two- and three-digit numbers using place value.

1. Add with Place Value

Use hundreds, tens and ones to help you add. Write the answer.

a. $24 + 15 =$

Start 24:

Add 15:

b. $132 + 24 =$

Start 132:

Add 24:

c. $245 + 31 =$

Start 245:

Add 31:

d. $318 + 42 =$

Start 318:

Add 42:

2. Subtract with Place Value

Use hundreds, tens and ones to help you subtract. Write the answer.

a. $58 - 23 =$

Start 58:

b. $176 - 24 =$

Start 176:

c. $243 - 21 =$

Start 243:

d. $365 - 42 =$

Start 365:

3. Partition the Number

Complete each number sentence using place value.

a. $247 =$ hundreds, tens and ones

b. 5 hundreds + 3 tens + 8 ones =

c. $620 =$ hundreds, tens and ones

d. 4 hundreds + 0 tens + 9 ones =

4. Solve the Problems

Read the problems. Use place value if you need to. Write the answer.

- a. Mia has 124 stickers. She gets 23 more stickers. How many stickers does she have altogether?

Use place value blocks or draw hundreds, tens and ones.

- b. Jack has 256 marbles. He gives 14 marbles to his friend. How many marbles does he have left?

Use place value blocks or draw hundreds, tens and ones.

- c. There are 315 books on a shelf. 42 more books are added. How many books are there now?

Use place value blocks or draw hundreds, tens and ones.

- d. A bus has 487 passengers. 21 passengers get off. How many passengers are left on the bus?

Use place value blocks or draw hundreds, tens and ones.

My Learning Check

Circle a face.

I can do it!

Almost there!

I needed help.

This was hard.

Parent Observation (optional)

- ☐ Added using place value
- ☐ Subtracted using place value
- ☐ Partitioned numbers correctly
- ☐ Used blocks or drawings to help

- ☐ Needed support
- ☐ Demonstrated understanding verbally
