

## Connect fractions to tenths and hundredths as decimals

Look carefully. Think about parts of a whole.  
Show your work by colouring, drawing, or writing.

### Step 7

Early Elementary

★ Today I am learning to connect fractions to tenths and hundredths as decimals.

#### 1. Tenths as Decimals

Look at the shaded model. Write the fraction and decimal.

Fraction: \_\_\_\_\_

Decimal: \_\_\_\_\_

Fraction: \_\_\_\_\_

Decimal: \_\_\_\_\_

Fraction: \_\_\_\_\_

Decimal: \_\_\_\_\_

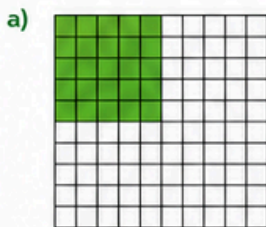

Fraction: \_\_\_\_\_

Decimal: \_\_\_\_\_

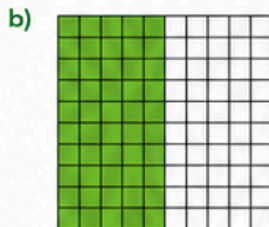

#### 2. Hundredths as Decimals

Look at the hundred grid. Write the fraction and decimal.

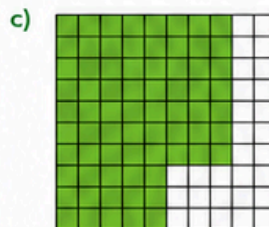

Fraction: \_\_\_\_\_

Decimal: \_\_\_\_\_

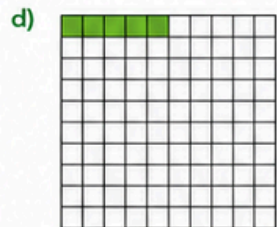

Fraction: \_\_\_\_\_

Decimal: \_\_\_\_\_

Fraction: \_\_\_\_\_

Decimal: \_\_\_\_\_

Fraction: \_\_\_\_\_

Decimal: \_\_\_\_\_

#### 3. Match the Fraction and Decimal

Draw a line to match.

$\frac{1}{10}$

•

0.75

•

$\frac{5}{10}$

•

0.5

•

$\frac{2}{10}$

•

0.25

•

$\frac{25}{100}$

•

0.2

•

$\frac{50}{100}$

•

0.50

•

$\frac{75}{100}$

•

0.1

•

#### 4. Colour and Write

Colour the amount shown.  
Then write the decimal.

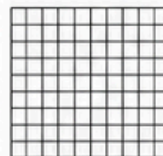

a)  $\frac{4}{10}$

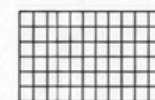

b)  $\frac{8}{10}$

c)  $\frac{20}{100}$

d)  $\frac{60}{100}$

#### 5. Real-Life Decimals

Read each situation. Write the decimal.

a) A drink bottle is  $\frac{5}{10}$  full.

Write the decimal.

0.\_\_\_\_

b) A collection box is  $\frac{75}{100}$  full.

Write the decimal.

0.\_\_\_\_

c) A fraction bar shows  $\frac{2}{10}$  shaded.

Write the decimal.

0.\_\_\_\_

#### 6. Think and Answer

Answer the questions.

a) Which is larger?

0.2

0.8

Why? \_\_\_\_\_

b) Which is larger?

$\frac{25}{100}$

$\frac{75}{100}$

Why? \_\_\_\_\_

c) What decimal is the same as  $\frac{5}{10}$ ?

#### I can...

- ★ write tenths as decimals.
- ★ write hundredths as decimals.
- ★ match fractions to decimals.
- ★ use decimals in real-life situations.
