

Final Consonant Blends

I can read and spell words that end with consonant blends.

Today I am learning to:

- ☐ hear both sounds at the end
- ☐ read common final blends
- ☐ build words with final blends
- ☐ use blend words in context

1 Meet the Final Blends

In a final consonant blend, you can hear both consonant sounds at the end. Say each blend and read the examples.

-nd

nd

hand • sand • bend

-nt

nt

tent • mint • hunt

-mp

mp

lamp • jump • camp

-st

st

nest • fast • list

2 Build the Word

Join the beginning of the word to the final blend. Read it, then write the whole word.

ha + nd =

te + nt =

la + mp =

ne + st =

ju + mp =

be + nd =

3 Read and Sort

Cut and stick, or write each word under its final blend family.

-nd

-nt

-mp

-st

hand

bend

tent

mint

lamp

jump

nest

fast

4 Read and Notice

Read the short passage. Circle words that end with a consonant blend.

Ben and Sam went to a small **camp** near the pond. They set up a **tent** and found a bird's **nest** beside a tree. Sam held a **lamp** while Ben picked up a **hand** map. At dusk they had to **jump** across a wet patch and move **fast** before the rain began.

Word detective: Find one -nd word, one -nt word, one -mp word and one -st word. Say both consonant sounds at the end.

5 Use the Words

Choose a word from the box to complete each sentence.
