

# Long Vowels with Silent e

I can read and spell words where silent e helps make a long vowel sound.

Today I am learning to:

- ☐ notice silent e at the end
- ☐ hear the long vowel sound
- ☐ build common CVCe words
- ☐ read silent-e words in context

## 1 Meet Silent e

A final silent e is usually not spoken. In many words, it helps the earlier vowel say its long sound. Read each pattern and example.

a\_e

cape

cap → cape • tap → tape

i\_e

kite

kit → kite • rid → ride

o\_e

hope

hop → hope • not → note

u\_e

cube

cub → cube • cut → cute

## 2 Build the Word

Add silent e. Read the new word, then write it on the line.

cap + e = kit + e =

hop + e = cub + e =

tap + e = rid + e =

## 3 Read and Sort

Cut and stick, or write each word under its silent-e pattern.

a\_e

i\_e

o\_e

u\_e

cake

name

bike

time

home

note

cube

mule

## 4 Read and Notice

Read the short passage. Circle words that use silent e to show a long vowel sound.

Jake made a kite at home. He wrote his name on it and used red tape to fix the tail. Then he rode his bike to the lake. He hoped the breeze would rise. A friend left a note by the gate: "Have a great time!"

Word detective: Find one a\_e word, one i\_e word and one o\_e word. Say the long vowel sound in each word.

## 5 Use the Words

Choose a word from the box to complete each sentence.

name

bike

home

note

cube

lake

- I wrote my \_\_\_\_\_ on the page.
- We rode a \_\_\_\_\_ to the park.
- The blue \_\_\_\_\_ has six sides.
- Dad left a \_\_\_\_\_ on the table.

## ★ Challenge!

Change each short-vowel word by adding silent e: cap \_\_\_\_\_ kit \_\_\_\_\_  
hop \_\_\_\_\_ cub \_\_\_\_\_

## You did it!

I can read and spell words with silent e and long vowels.
