

Use Money Amounts in Simple Practical Tasks

Step 3

Early Elementary

Today I am learning to use money amounts in simple practical tasks.

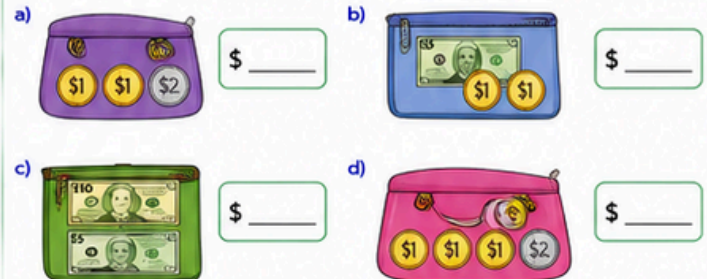

1. Look at the Prices

Look at the items and their prices.
Write the price of each item.

2. Count the Money

Count the money in each purse or wallet.
Write how many dollars.

3. Pay for the Items

Look at the price. Circle the money you would use to pay.

4. Make the Amounts

Use the coins and notes below.
Make the amount shown. Draw or paste the money.

5. Spending and Change

You pay with the money shown.
Circle the amount of change you get.

Change: ☐ \$1 ☐ \$2 ☐ \$3

Remember!

Change is the extra money you get back after you pay.

For example:

You pay with \$5.
You get \$3 change.

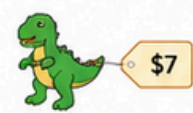

6. Real-Life Tasks

a) You have \$8.
You buy a drink for \$3.
How much money is left?

Money left: \$ _____

b) You have \$15.
You buy a toy for \$7.
How much money is left?

Money left: \$ _____

7. Choose the Best Choice

Look at the options. Tick (✓) the best choice for each task.

a) You have \$5. You want something to drink.
What is the best choice?

b) You have \$10. You want to buy a snack.
What is the best choice?

8. Think and Explain

- a) Why is it important to know how much things cost?

- b) How can counting money help us in everyday life?

- c) If you have \$10, how will you decide what to buy?

Learning Check

Colour the face that shows how you went.

I get it!

I'm getting there.

I need more practice.

Parent / Teacher Observation

- Your child can:
- ☐ Recognise and count coins and notes.
 - ☐ Read and compare simple prices.
 - ☐ Use money to pay for items.
 - ☐ Receive and understand change.
 - ☐ Make good choices with money.

Notes: _____

Money Words

coin note price
pay buy change
total amount spend

Great job!

You are using money wisely!

Remember!

We use money to buy things we need and want.

Well done!

You are becoming a money champion!
