

Collect and Record Simple Data

SDA KEE Step 3

★ I can collect information and record it in a simple way.

1. Let's Look

We can collect answers to a question and record them.

I asked my friends:
"What is your
favourite fruit?"

Apple
||||

Banana
|||

Grapes
||||

Orange
||

Read it

- Apple is the most.
- Orange is the least.
- Bananas were chosen by the same number of children as oranges.

2. Let's Try

Look at the data. Colour the answers.

a. Which pet is the **most**?

||||

|||| |

|||

cat

dog

fish

b. Which colour is the **least**?

|||| |

red

|||

blue

|||||

green

c. Which toy has the **same** number as the **ball**?

|||| |

car

|||| |

teddy

|||| |

ball

3. Let's Do

Collect and record your own data.

a. Ask 6 friends: "What is your favourite ice cream flavour?" Write tally marks.

Ice cream flavour	Tally
Chocolate	
Strawberry	
Vanilla	

b. Answer the questions.

1. Which flavour is the **most**? _____
2. Which flavour is the **least**? _____
3. Which two flavours have the same number of votes? _____

★ 4. Challenge

Look at the tally chart. Draw a picture graph to show the data.

Fruit	Tally
Apple	
Banana	
Grapes	
Orange	

Favourite Fruit

Key

☐ = 1 vote

My Learning Check

How did I go today?

I can do it!

Almost there!

I need more help.

This was hard.

Circle a face.

Parent Observation (optional)

- ☐ Collected simple data from others
- ☐ Recorded information using tally marks
- ☐ Identified most, least and same in the data
- ☐ Answered questions about the data
- ☐ Needed support
