

MORPHOLOGY & SPELLING

Middle School | Unit 1

Suffix -ion

Today I am learning that the suffix **-ion** often forms a noun that names an **action**, **process** or **result**.

1 Learn the Meaning

The suffix **-ion** often changes a **verb** into a **noun**. The noun can name an action, process or result.

action = act / process **invention** = result of inventing
collection = result of collecting **translation** = process/result

2 Build the Word

Add **-ion** to each base verb. Write the new noun and what it names.

Base verb	Add	New noun	What it names
act	-ion	_____	_____
collect	-ion	_____	_____
invent	-ion	_____	_____
discuss	-ion	_____	_____
translate	-ion	_____	_____

3 Read and Notice

Read the passage below.

During a community history project, Malik's group created an exhibition about local **inventions**. Their first **discussion** focused on how careful **observation** can lead to an **invention**. They examined a **collection** of old tools and recorded each function before deciding which items to feature. One student prepared a **translation** of an early instruction card for visitors who spoke another language. Another worked on the **creation** of a labelled timeline. The group also considered how **education** changes when new technology appears. After each section was drafted, they took **action** to check dates, captions and sources. Their teacher asked them to connect the nouns with related verbs: discuss and **discussion**, observe and **observation**, collect and **collection**, invent and **invention**, translate and **translation**. Malik noticed that many **-ion** nouns name an action, process or result. Recognising the base word helped him spell unfamiliar words and work out what they meant.

Highlight the **-ion** nouns. Underline the related **base verb** when it appears nearby.

4 Word Detective

Choose one **-ion** noun from the passage and investigate how it was built.

- Write an **-ion** noun from the passage.

- What related **base verb** can you identify?

- Does the noun name an action, process or result?

- Write the word sum. Did the base spelling change?

5 Sort the Words

Sort the **-ion** nouns by what happens to the base spelling.

action collection invention discussion creation
translation education decoration

Base spelling stays

Drop final e first

6 Use It in Writing

Complete the sentence starters.

- The discussion was important because _____

- Use an **-ion** noun in your own sentence.

Parent check

Tick the skills your learner has demonstrated.

- ☐ Recognises the suffix **-ion**
- ☐ Finds a related **base verb**
- ☐ Explains what the noun names
- ☐ Spells and uses derived **-ion** words

Capture idea:

Find an **-ion** word in a science, history or information text. Record the word, its related base verb and its meaning.
