

Compare everyday attributes directly

Name: _____

Date: _____

Step 1

Kindergarten /
Early Elementary

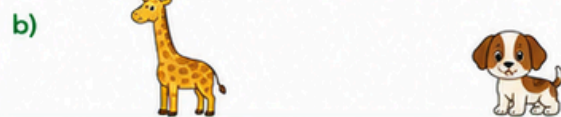

I am learning to compare everyday things
using my eyes and my thinking.

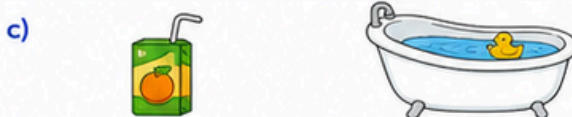

1. Which Is Longer? Circle the longer object.

2. Which Is Taller? Circle the taller object.

3. Which Holds More? Circle the container that holds more.

4. Heavier or Lighter? Circle the heavier object.

5. Same or Different? Write: ☐ Same ☐ Different

6. Draw the Bigger One Draw what is asked.

- a) A longer snake b) A taller tower c) A bigger bucket

7. Think and Talk

- a) How do you know which object is longer?

- b) How do you know which object is heavier?

- c) What things do you compare every day?

I can...

- ★ compare length (longer / shorter).
- ★ compare height (taller / shorter).
- ★ compare capacity (more / less).

Measurement Words

longer • shorter • taller • shorter
heavier • lighter • more • less • same

Great job!

You are a
super comparer!
