

Share, compare, and notice simple differences

Look at each set or group. Share, compare, and answer the questions.

★ Today I am learning to share, compare, and notice simple differences.

Step 2

Kindergarten /
Early Elementary

1. Share Equally

Share the objects equally between the two groups.
Draw or write how many each group gets.

a)

Each group gets _____.

b)

Each group gets _____.

c)

Each group gets _____.

2. Compare and Circle

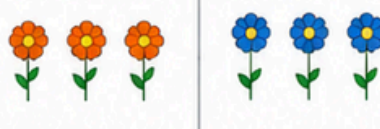

Look at each pair. Circle the group that has more.
Cross out the group that has less. If they are the same, write "same".

a)

The group with more is _____.

b)

The group with more is _____.

c)

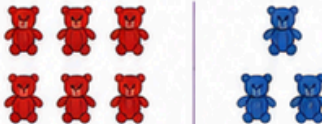

They are the same.

Write: _____

3. Notice the Difference

Look at each pair. How many more in one group than the other?
Write the number.

a)

There are _____ more
red bears than blue bears.

b)

There are _____ more
bananas on the left.

c)

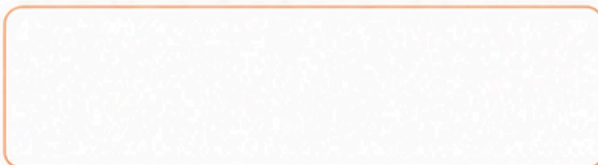

There are _____ more
green cars than red cars.

4. Solve Simple Stories

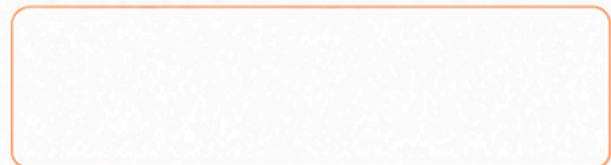

Read each story. Draw a picture to show the story.
Write the answer.

- a) Mia has 2 strawberries. Her friend gives her 3 more.
How many strawberries does Mia have now?

Mia has _____ strawberries.

- b) Jack has 5 toy cars. He gives 2 to his brother.
How many cars does Jack have left?

Jack has _____ cars left.

My Learning Check

Circle how confident you feel.

I can do it!

I need more
practice.

I need
help.
