

Compare Value and Change in Practical Situations

Step 6

Upper Elementary

Today I am learning to compare value and change in practical situations.

1. Which Is More or Less?

Look at each pair of items. Circle the one that costs

- a) \$2.40 or \$2.20
- b) \$18.00 or \$15.00
- c) \$3.10 or \$1.90
- d) \$24.00 or \$16.00

2. Find the Change

You pay with the amount shown.

How much change will you get back?

- a) \$7.45 You pay: Change: \$ _____
- b) \$2.75 You pay: Change: \$ _____
- c) \$3.60 You pay: Change: \$ _____
- d) \$6.80 You pay: Change: \$ _____

3. Who Has Better Value?

Look at each option. Which is the better value?

Tick (✓) your choice and explain why.

- a) 250 mL \$1.60 or 500 mL \$2.40
Better value: _____
Why? _____
- b) Small Pack 40 g \$1.25 or Large Pack 90 g \$2.40
Better value: _____
Why? _____

4. Compare and Order

Look at the prices. Write the items in order from least to greatest.

- \$0.80 \$0.60 \$1.20 \$1.00 \$1.50
- least _____ < _____ < _____ < _____ < _____ greatest

5. Which Coins and Notes?

Circle the combinations of coins and notes that equal the price.

- a) \$4.35
A
B
C
- b) \$7.60
A
B
C

6. Real-Life Shopping

You go shopping with \$20. Look at the prices below.

- \$6.50 \$2.40 \$3.75 \$4.20
- a) Buy a sandwich and a drink. How much change will you get? \$ _____
- b) Buy a sandwich, a drink and chips. How much change will you get? \$ _____
- c) Can you buy all four items? Why or why not? _____

7. Solve the Problems

- a) Liam has \$12.00. He buys a game for \$7.85. How much change does he get? \$ _____
- b) Mia wants to buy a hat for \$15.60. She has \$10.00. How much more money does she need? \$ _____
- c) A water bottle costs \$3.25. You pay with \$5.00. How much change do you get? \$ _____

8. Think and Explain

- a) Why is it important to compare prices before we buy something? _____
- b) How can finding change help us when we shop? _____
- c) Give an example of when you had to make a choice between two things. Which did you choose and why? _____

9. Create a Budget

You have \$25 to spend at the school fair. Choose THREE items to buy.

\$6.50	\$2.50	\$3.00	\$4.75	\$2.25
Item	Price	3 Items Total		
	\$ _____			
	\$ _____			
	\$ _____			
Total spent: \$ _____				
Change from \$25: \$ _____				

Learning Check

Colour the face that shows how you went.

I get it!

I'm getting there.

I need more help.

Parent / Teacher Observation

Your child can:

- ☐ Compare the value of items and prices.
☐ Find change using coins and notes.
☐ Make choices based on value and budget.
☐ Explain why choices are important.
☐ Solve real-life money problems.

Notes: _____

Money Words

value compare change
cost price budget
spend save choose
amount more less

Great job!

You are learning how to make smart money choices!

Remember!

Smart choices today lead to a better tomorrow!

Compare

Choose wisely

Spend carefully

Save regularly

Plan ahead

Well done!

You are becoming money smart!
