

Today I am learning to use tables and rules to describe number patterns.

1. Complete the Table

Look at the pattern. Fill in the missing numbers.

a) 

Group	1	2	3	4	5
Apples	2	4	6		

b) 

Group	1	2	3	4	5
Stars	1	3	5		

c) 

Group	1	2	3	4	5
Blocks	5	10	15		

2. What Is the Rule?

Look at the table.

a)

Number	1	2	3	4
Answer	2	4	6	8

Rule: ☐ Add 1 ☐ Add 2 ☐ Add 3

b)

Number	1	2	3	4
Answer	5	10	15	20

Rule: ☐ Add 5 ☐ Add 2 ☐ Add 10

3. Continue the Pattern

a) 2 → 4 → 6 → 8 → _____ → _____

b) 5 → 10 → 15 → 20 → _____ → _____

c) 1 → 3 → 5 → 7 → _____ → _____

5. Draw the Pattern

Look at the table.

Group	1	2	3
Stars		 	  

Draw Groups 4 and 5.

Group 4

Group 5

4. Fill the Missing Number

a)

Input	1	2	3	4
Output	3	6		12

b)

Input	1	2	3	4
Output	5		15	20

6. Make Your Own Table

Create a growing pattern.

Group	1	2	3	4
My Pattern				

Rule: _____

7. Think and Talk

a) What does a rule tell us?

b) How do tables help us see patterns?

c) What was your pattern rule?

I can...

- ☐ complete tables.
- ☐ identify rules in number patterns.
- ☐ continue patterns using tables.
- ☐ create my own table and rule.

My Learning Goal

I can use tables and rules to describe number patterns.
