

Compare Groups and Talk About Fairness

Name: _____

Date: _____

Step 1

Kindergarten /
Early Elementary

Today I am learning to compare groups and talk about fairness.

1. Look and Compare

Look at each pair of groups. Circle more, fewer, or same.

1			more	fewer	same
2			more	fewer	same
3			more	fewer	same
4			more	fewer	same

2. Fair or Not Fair?

Look at each sharing picture. Is it fair or not fair? Circle your answer.

1		fair	not fair
2		fair	not fair
3		fair	not fair
4		fair	not fair

3. Match the Groups

Draw a line to match each word with the picture that shows it.

same	•	
more	•	
fewer	•	
fair	•	
not fair	•	

4. Make It Fair

The groups are not fair. Make them fair so both sides have the same. Draw extra items or cross out some to make it fair.

1		=	
2		=	
3		=	

5. Talk About It

Answer the questions in your own words.

- a) Which group has more?

- b) How do you know if it is fair?

- c) What could you do to make it fair?

6. Challenge

Mia has 6 strawberries and Ben has 4 strawberries. Is that fair? Draw or explain how to make it fair.

Mia	Ben

My answer:

I can...

- ☐ compare two groups
- ☐ use more, fewer, and same
- ☐ notice when sharing is fair
- ☐ explain my thinking

Fairness Words

more	fewer	same
equal	fair	not fair
share		

My Learning Check

Circle how you feel.

I can do it!	Almost there!	I need help.	This was hard.

Parent Observation (optional)

- ☐ compared groups
- ☐ used fairness language
- ☐ showed understanding verbally
- ☐ needed support

Comments: _____

Great job!

You are learning to compare and share fairly!
