

Describe simple fraction situations with confidence

Look carefully. Think about parts of a whole.
Show your work by colouring, drawing, or writing.

Name: _____

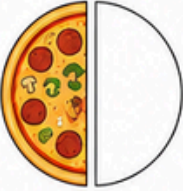

Date: _____

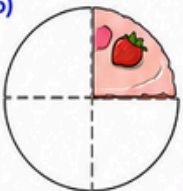

Step 4

Kindergarten /
Early Elementary

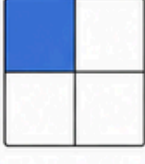

★ Today I am learning to describe simple fraction situations with confidence.

1. What Fraction Do You See? Look at each picture. Write the fraction in words.

a)  This is _____
(_____)

b)  This is _____
(_____)

c)  This is _____
(_____)

d)  This is _____
(_____)

2. Match the Picture to the Fraction Draw a line to match each picture to the fraction.

- $\frac{1}{2}$
- $\frac{1}{4}$
- one half
- one quarter

3. Describe the Situation Read each situation. Complete the sentences.

- a) Two children share one sandwich equally.

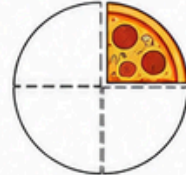

Each child gets _____ half.

- b) Four friends share 4 cookies equally.

Each friend gets _____ cookie.

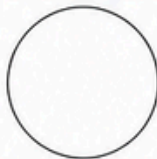

- c) A pizza is cut into 4 equal pieces.

One piece is called a _____.

4. Draw and Label Draw the fraction shown. Then write the fraction in words.

- a) Draw one half.

This is _____
(_____)

- b) Draw one quarter.

This is _____
(_____)

5. Circle the Correct Statement Look at each picture. Circle the sentence that is correct.

a) 

One half One quarter Two halves

b) 

One half One quarter Two quarters

c) 

One half One quarter Three quarters

d) 

One quarter One half Two halves

6. Think and Answer Answer the questions.

- a) What does "equal parts" mean? _____
- b) When might you use halves at home? _____
- c) When might you use quarters? _____

I can...

- ☆ describe halves in real-life situations.
- ☆ describe quarters in real-life situations.
- ☆ use fraction words with confidence.
- ☆ explain simple fraction situations.
