

Count Objects to 20

★ Today I am learning to count objects accurately to 20.

1. Let's Look Count the objects and circle the correct number.

10

11

12

13

11

12

13

14

14

15

16

17

17

18

19

20

18

19

20

16

2. Let's Match

Draw lines to match the groups to the numbers.

3. Let's Think

Circle all the groups that show 12.

19

13

16

★ 4. Challenge Count and draw the objects.

Draw 11

Draw 15

Draw 20

My Learning Check

How did I go today?

I can do it!

Almost there!

I needed help.

This was hard.

Circle a face.

Parent Observation (optional)

- ☐ Counted objects accurately to 20
- ☐ Used one-to-one counting
- ☐ Needed support
- ☐ Demonstrated understanding verbally
