

Model equal groups and repeated addition

Use equal groups and repeated addition to find total amounts.

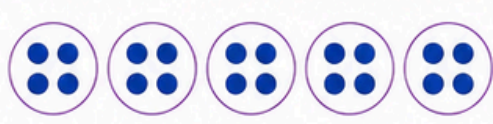

Step 5

Early Elementary

★ Today I am learning to model equal groups and repeated addition.

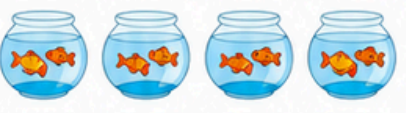

1. Equal Groups

Circle the groups that have the same number of objects.
Then write how many are in each group and the total.

a)  How many in each group? _____ Total: _____	b)  How many in each group? _____ Total: _____	c)  How many in each group? _____ Total: _____
--	--	---

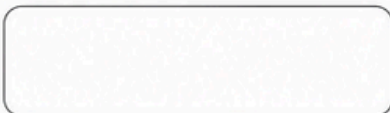

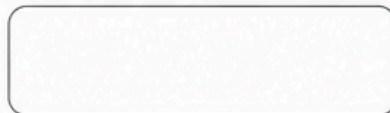

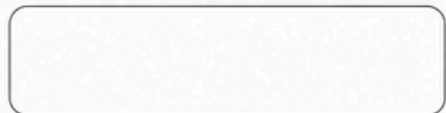

2. Write Repeated Addition

Write a repeated addition sentence for each set of equal groups.

a)  _____ + _____ + _____ = _____ Total: _____	b)  _____ + _____ + _____ + _____ = _____ Total: _____	c)  _____ + _____ + _____ + _____ + _____ = _____ Total: _____
--	--	---

3. Draw Equal Groups

Draw equal groups to match the description.
Then write a repeated addition sentence and the total.

a) 4 groups of 2.  _____ + _____ + _____ + _____ = _____ Total: _____	b) 3 groups of 5.  _____ + _____ + _____ = _____ Total: _____	c) 5 groups of 3.  _____ + _____ + _____ + _____ + _____ = _____ Total: _____
---	---	---

4. Solve Word Problems

Use equal groups and repeated addition to solve each problem.
Draw a picture, write a repeated addition sentence, and find the total.

a) There are 3 boxes. Each box has 4 crayons. How many crayons are there in all?  _____ + _____ + _____ = _____ Total: _____ crayons	b) There are 5 vases. Each vase has 2 flowers. How many flowers are there in all?  _____ + _____ + _____ + _____ + _____ = _____ Total: _____ flowers	c) There are 4 plates. Each plate has 3 grapes. How many grapes are there in all?  _____ + _____ + _____ + _____ = _____ Total: _____ grapes
--	---	--

My Learning Check

Circle how confident you feel.

I can do it!

I need more practice.

I need help.

I used...

part-whole models

number line

ten frames

counters or cubes

Today I learned...

1 thing I did well: _____

1 thing I will improve: _____
