

Represent Simple Addition and Subtraction Stories with Objects

★ Today I am learning to represent simple addition and subtraction stories with objects.

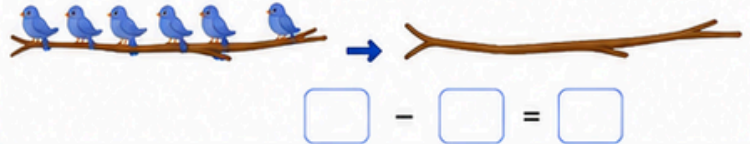

1. Let's Look

Read each story. Use the objects to show what happens. Write the number sentence.

1. There are 3 apples in a basket.
2 more apples are put in.
How many apples are there now?

2. There are 5 birds on a tree branch.
2 birds fly away.
How many birds are left?

3. There are 4 cupcakes on a plate.
3 more cupcakes are added.
How many cupcakes are there now?

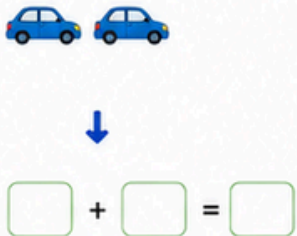

4. There are 7 balloons.
4 balloons pop.
How many balloons are left?

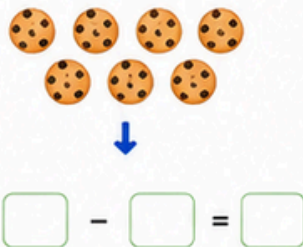

2. Let's Try

Use the objects to show the story. Write the number sentence.

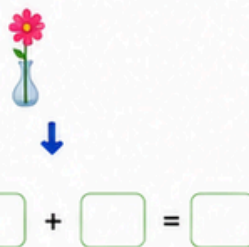

- a. 2 cars are in the garage.
3 more cars drive in.
How many cars are there now?

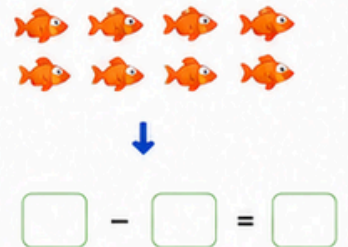

- b. 6 cookies are on the plate.
2 cookies are eaten.
How many cookies are left?

- c. 1 flower is in the vase.
4 more flowers are added.
How many flowers are there now?

- d. 8 fish are in the tank.
3 fish swim away.
How many fish are left?

3. Let's Match

Match each story to the correct number sentence.

- There are 2 bananas. 3 more bananas are added. How many bananas are there now?
- There are 7 stars. 4 stars disappear. How many stars are left?
- There are 5 books. 2 more books are placed on the shelf. How many books are there now?
- There are 6 butterflies. 1 butterfly flies away. How many butterflies are left?

A $5 + 2 = 7$

B $2 + 3 = 5$

C $6 - 1 = 5$

D $7 - 4 = 3$

4. Challenge

Write a story for each number sentence.

a. $3 + 4 = 7$

b. $8 - 2 = 6$

c. $5 + 3 = 8$

My Learning Check

How did I go today?

I can do it!

Almost there!

I needed help.

This was hard.

Circle a face.

Parent Observation (optional)

- ☐ Represented addition stories with objects
- ☐ Represented subtraction stories with objects
- ☐ Wrote correct number sentences
- ☐ Needed support
- ☐ Demonstrated understanding verbally

Notes: _____
