

Recognise equal parts in real objects and sharing situations

Look carefully. Think about how things are shared or divided.
Show your work by colouring, drawing, or writing.

Step 1

Kindergarten /
Early Elementary

★ Today I am learning to recognise equal parts in real objects and sharing situations.

1. Share Equally

Draw lines to share each collection equally between the people.

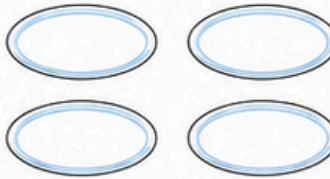

- a) Share the apples equally between 2 children.

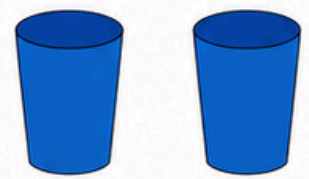

- b) Share the cookies equally between 3 friends.

- c) Share the strawberries equally between 4 plates.

- d) Share the pencils equally between 2 cups.

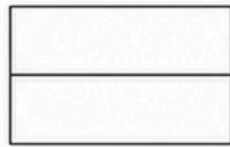

2. Find Equal Parts

Colour the shapes to show equal parts as asked.

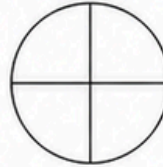

- a) Colour one half.

- b) Colour one half.

- c) Colour two equal parts.

- d) Colour two equal parts.

3. Real Objects: Halves

Look at each object. Is it divided into two equal parts (halves)?
Circle Yes or No.

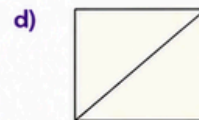

Yes No

Yes No

Yes No

Yes No

Yes No

4. Sharing Situations

Read each story. Draw or write how you would share it equally.

- a) You have 6 crackers and want to share them equally with your friend.

- b) You have 4 stickers to share equally with 2 friends.

- c) You have 2 pieces of cake and 3 children. How can you share them equally?

5. Think and Answer

Answer the questions.

- a) What does "equal" mean? _____
- b) Give an example of something you can share equally at home. _____
- c) Why is it important to share things equally? _____

I can...

- ☆ share collections equally.
- ☆ find equal parts (halves).
- ☆ identify equal parts in real objects.
